## Ethics Statement

We're not trying to provide security for this event, as we do when we sometimes have "real" events online. However, the provisions of the USBF General Conditions of Contest regarding ethical obligations and possible penalties still apply to this event. The USBF has appointed an Ethics Investigation Committee that will review any complaints about ethics violations. If the EIC concludes that a player or pair was acting unethically, they will report to the USBF Board of Directors, who may place a player on probation, suspend, or expel a player for cause.

## System Regulations & Conditions of Contest

- Normal USBF System regulations apply to this event.
- This event is governed by the USBF General Conditions of Contest and Special Conditions of Contest for this event.
- The ACBL Open+ Convention Chart applies to this event.

## Excerpted from the USBF Invitational 2 advance email to players... Or Everything You Wanted to Know About This Event But Were Afraid to Ask!

Information about the event can be found on the USBF website (USBF.org). Click on USBF Invitational 2 under the tournament menu - that will take you to the main page where there is general information and will also open the sub-menus, which include:

**Results** - links to the cross-table for the Round Robin and to the brackets for the KO matches. We will have our usual "web vugraphs" linked to the scores, so you can access a scorecard with links to the hands, bidding & play by clicking on a score.

**Teams entered** has the list of teams with links to players' System Summary Forms (SSFs). Reviewing the SSFs for players on teams other than yours will better prepare you to play the competition. The SSFs for those pairs with unusual methods are in red on the Teams Entered list. It is strongly recommended that you review those SSFs even if you do not review all the others. When you play against a pair, you can get their SSFs and convention cards from this page.

**Event schedule** has the time each segment starts. Remember to be logged into the "competitive" area of BBO at least 5 minutes before you are due to play.

**Daily Bulletin** - links to the Daily Bulletins - if a link gets you a 404 error ("we can't find that page") that means that the daily bulletin has not yet been posted.

**Zoom** - You will all receive an invitation to a Zoom meeting called INV2 Round Robin each day. On Saturday, 8/8, the meeting will start at 12:40 for the 12:45 Captains' Meeting. On Sunday and Monday, the meeting will start at 12:45. You should be able to join the meeting by clicking on the link in the invitation. Please join by 12:55 so you can be assigned to a chat room with your screenmate. We may have to admit you to the meeting in which case we will do so.

If you have never attended a Zoom meeting, when you click on the link in the invitation, you'll be asked to download the Zoom app - it's very quick. Zoom has improved their security so the early concerns are no longer relevant.

Before the first match starts, you will be assigned to a Zoom "breakout room" with your screenmate, so you can chat and provide more complete explanations of bids and plays. For this event, unlike the INV1 event, screenmate chat is compulsory, but you do not have to use Zoom if you and your screenmate prefer something else (FaceTime, Google Hangouts, Skype, phone, whatever). As soon as the first match starts, you should be automatically taken to the right breakout room. If you are not taken to the correct room, please contact Jan.

As each match is completed, you may move all of the players on your team to your home table (it will be called Team-Name NE because it will also be where your N and the opponents' E have been during the match), just ask and Jan will do this. This is not required, it is for your convenience so you can talk to your teammates after a match.

### **Captains & Players Meeting**

Our DIC, Will Watson, will meet with all of the team captains and any players who want to participate on Zoom at 12:45 EDT on Saturday, Aug. 8th. Subjects for the meeting include BBO procedures, Zoom procedures, scoring, and answers to any questions you may have. We hope that this will be a short meeting.

### **BBO Procedures**

**Where to go:** The event will be played in the Competitive section of BBO, which is where you will be when you log in to BBO. If you go to the Casual section to play or kibitz at a table there, you will need to return to the Competitive section,

*(Continued on page 5)*

(Continued from page 4)

which sometimes requires logging off and back on. Please be logged into the Competitive section at least 5 minutes before you are scheduled to play.

**Lineups:** For the Round Robin we are using “blind” lineups as we do for USBCs with a single Round Robin. You submit your lineup before you know which team you’re playing. Because of the time needed to set up matches online, we are asking that lineups be submitted a match in advance. **You need to submit your lineup for the first 2 matchups each day no later than noon EDT.** Before each match starts, you need to submit your lineup for the following match. Instructions on how to submit lineups will come later - we’re still working on the procedure, but it will be about the same as what some of you had for the NAOBC. If you have not submitted a new lineup for a match, it means your lineup remains the same as for the current match.

**Starting:** If all of the players are on BBO in a timely manner, you should be automatically taken to the appropriate table and seat when the matches start. But since nothing ever works the way it’s supposed to, you may have to accept an invitation to play at the appropriate table, which will be identified as USBF INV1 RR match X, Table Y (X & Y will be numbers). The first board will be dealt after everyone is in their seats and in the appropriate screenmate breakout rooms.

**Timing:** We expect to be able to start each Round Robin match at the scheduled time, but there may be problems that mean we’ll be late - please bear with us!

**Kibitzers:** We will not be allowing kibitzers for any part of this event. For the Round Robin, we will also not have any Delayed Vugraph. After each round, we will link the bidding & play records to the Cross-Table as quickly as we can, so people who want to see what happened can do so.

**Alerting:** You should self-alert your bids, and as with screens, should alert if you have any question about whether or not to alert. You can also provide additional information about bids orally to your screenmate in the Zoom session.

**Undo’s:** Undo’s for misclicks are allowed and must be accepted. You need to ask for an undo before your partner acts.

**BBO profile:** Please make sure that your profile includes your real name.

**System Information:** Some of you created BBO convention cards with links to your SSF and ACBL convention card for the USBF INV1. We are not asking those of you who did not do so to create BBO convention cards for this event, because we found there was a problem with the convention cards loading, and it is probably easier to get your opponents SSF and ACBL convention card from the Teams Entered list on the USBF website.

**Asking questions of opponents:** You may ask questions of one or both opponents by directing chat to them. You may ask your screenmate questions orally on Zoom. PLEASE do not ask questions of the entire table, as that might give your partner UI. You may ask only the person who made a bid the meaning of his or her bid.

**Help during play:** Jan will be on BBO as USBF, Al Hollander will be on as USBF2, as well as some ahollan# accounts, and Will Watson will be on as willwats. If you have any problems, please message one of us and we’ll try to solve them.

**Scores:** Jan will be entering the scores into the USBF scoring program based on the BBO results. She will try not to have to ask you for scores, but she may sometimes miss the end of a match and have to do so.

**Ethics** - We’re not trying to provide security for this event, as we do when we sometimes have “real” events online. However, the provisions of the USBF General Conditions of Contest regarding ethical obligations and possible penalties still apply to this event. The USBF has appointed an Ethics Investigation Committee that will review any complaints about ethics violations. If the EIC concludes that a player or pair was acting unethically, they will report to the USBF Board of Directors, who may place a player on probation, suspend, or expel a player for cause.

Any questions, please ask!

## Chicken Parmesan Stuffed Shells

### Ingredients

- 1 package (12 ounces) uncooked jumbo pasta shells
- 2 tablespoons olive oil
- **FILLING:**
- 1 pound boneless skinless chicken breasts, cut into 1/2-inch cubes
- 1-1/2 teaspoons Italian seasoning
- 1 teaspoon salt, divided
- 1/2 teaspoon pepper, divided
- 1 tablespoon olive oil
- 2 tablespoons butter
- 1/3 cup seasoned bread crumbs
- 3 cups part-skim ricotta cheese
- 1 cup shredded part-skim mozzarella cheese
- 1/2 cup grated Parmesan cheese
- 1/2 cup 2% milk
- 1/4 cup chopped fresh Italian parsley
- **ASSEMBLY:**
- 4 cups meatless pasta sauce
- 1/4 cup grated Parmesan cheese
- 8 ounces fresh mozzarella cheese, thinly sliced and halved

### Directions

- Preheat oven to 375°. Cook shells according to package directions for al dente; drain. Toss with oil; spread in an even layer on a baking sheet.
- For filling, toss chicken with Italian seasoning, 1/2 teaspoon salt and 1/4 teaspoon pepper. In a large skillet, heat oil over medium-high heat; saute chicken just until lightly browned, about 2 minutes. Reduce heat to medium; stir in butter until melted. Stir in bread crumbs; cook until crumbs are slightly toasted, 2-3 minutes, stirring occasionally. Cool slightly.
- In a large bowl, mix cheeses, milk, parsley and the remaining salt and pepper. Fold in chicken.
- Spread 2 cups pasta sauce into a greased 13x9-in. baking dish. Fill each shell with 2-1/2 tablespoons ricotta mixture; place over sauce. Top with remaining sauce and cheeses (dish will be full).
- Cover with greased foil; bake 30 minutes. Uncover; bake until heated through, 10-15 minutes.

### Test Kitchen tips

Avoid overcooking the pasta. Shells are easier to stuff when al dente.

To fill shells easily, spoon the filling into a plastic storage bag. Cut a 1-inch hole in the corner and pipe the filling into the shells.

Coating the foil with cooking spray keeps it from sticking to the cheese on top.

## All About Migry A Bio With a Difference

*It is always difficult to write about oneself, much easier to let other people do it for you. Here is an updated bio which was originally posted on E-Bridge.*

Migry Zur Campanile was born in Bucharest, Romania, in a year that is a closely guarded secret. She is now a bridge professional and teacher living in New York with her husband, bridge professional and writer Pietro Campanile. They actually met while playing bridge online. "He was an Italian living in London," says Migry, "but he was desperate to find the right excuse to learn Hebrew, so how could I refuse his invitation to get married?"

"An unruly childhood and adolescence was only partially mitigated by an early induction to the family evening bridge marathons, which caused me many late nights and zombie-like mornings," she reveals.

Migry is one of the top-ranked players in the world and she is the only Israeli player to have won three world championships: in 1998, she won the World Generali Masters in Corsica, in the 2000 Olympiad in Maastricht, she partnered Piotr Gawrys as a member of "Team E-Bridge", which won the World Mixed Teams title. Finally in 2013 she won the Venice Cup, partnering Jill Meyers and representing the USA, the country she had moved to in 2006.

Migry's international career began playing for Israel at the 1984 European Championships in Wiesbaden. Her first notable success was however at the 1991 European Common Market Championships in Athens, where she won a Gold medal in the teams and a Silver medal in the Women's Pairs. Two years later, she again finished second in the pairs at the same event. At the 1995 European Championships in Portugal, she won the Bronze medal in both the team and pairs events, and took the Bronze medal in the teams again in 1997. Migry has won numerous Israeli National titles including the National Teams championship three times, the National Pairs twice, as well as several Mixed Pairs and Mixed Teams titles. Ever since moving to the US, she has won the team trials in 2011 and 2012 as well as many US National titles and countless Regional events.

Other international successes include winning four times the prestigious NEC Cup, partnering Michael Barel in an all-Israeli team, winning the 2005 Maccabiah Games and good placing finishes in the Yeh Cup

Away from bridge, Migry enjoys opera, gourmet cooking (her fabled meatballs enjoy a growing popularity), and jet-setting around the world. "Particularly Seattle, Venice, Yokohama, Albuquerque, Vilamoura, Montecatini, Rhodes, Lille, Salsomaggiore, Maastricht . . . Hmmm do those places ring a bell?"

1. Enter the fantasy brackets, run on Bridge Winners, for the USBF trials choosing our Open and Senior teams for the World Championships. The highest-ranking Supporting Member in the fantasy brackets for each of these two events will win the prize of your choice - either an online match against the USBC winners or dinner with them at the next NABC.
2. Receive daily emails during the USBF Championships. These will summarize the previous day's results and provide vugraph information and links to daily bulletins containing pictures and commentary on individual hands.
3. Upon advanced request, make arrangements for you to kibitz a USBF member of your choice for a session once each year – either at an NABC or the USBF Championships.
4. Upon advanced request, we will arrange for you to be one of the vugraph commentators for one session of the team trials.

A Supporting Membership is \$25 for one year (\$75 for 3 years) and the ACBL now offers you the chance to become an USBF Supporting Member when you renew your ACBL membership. If you don't want to wait that long, you can join by choosing the red Donate Now button on the USBF website. In several of the eight matches, Board 4 produced a swing when one table played in a spade partial by North/South while at the other table, East/West played in game in NT. East/West reached game when West opened the bidding in first seat, and sold out to the North/South part score when West passed.

In Lusky vs. Donner, Lusky passed and North/South stole in 2S making three.

At their other table, Botta opened and East/West bid to 3NT.

Against the game, Lee led a spade to the ten and king. Zach Grossack played a small club to the jack and exited dummy with the HQ. Merblum won his ace and continued with the SQ... an unfortunate choice for his side!

Zach won his SA and led a club to the king followed by a small heart to the nine. The HK was cashed and a diamond to the jack and queen followed. Merblum continued the attack on spades, playing the S7 to the jack in dummy. The HJ was cashed and the DK was played to the ace. Merblum was left with only small diamonds. Contract making with an overtrick. 13 IMPs to Donner

In Spector vs. Meyer it was 12 IMPs to Meyer when Dunitz made 3NT on the same line as Grossack, his opponents defending like Merblum and Lee. In their other

room, Meyers and Sanborn took nine tricks in 3S.

In Moss vs. Nickell, the result was 12 IMPs to Moss though both tables arrived in 3NT. Moss/Grue were successful while Levin/Weinstein were not.

Grue's line of play was similar to Grossack's and Dunitz's and Katz and Nickell's defense was much like Merblum and Donner's.

In the other room of this match, where R Lee was North, Weinstein was E, S Moss was South and Levin was West, things went differently and the outcome was significantly better for the defense.

Sylvia led the S3 to the ten and king. Weinstein played a club to the jack, Sylvia following with the deuce!! Next came the CK, Sylvia following with the four!! Sylvia and Roger play Smith Echo. When Weinstein played two rounds of clubs before putting North on lead, he gave Sylvia the chance to Echo.

When the two rounds of clubs were ducked, Weinstein played the DK, Roger winning his ace. Carefully noting his partner's lack of an echo, Lee returned his S7 instead of his SQ!! This established the SQ as the setting trick. Katz/Nickell play Smith Echo but did not get a chance to employ it when declarer played one round of clubs and switched suits. Katz had to guess whether to return the SQ or S7. If Nickell held the SA instead of the CA, it was important to play back the queen.

Board 4 provided some mixed results. Only in the Spector/Robinson match did both tables bid and make 6D. In every other match, one table bid the diamond slam and the other played in either 4S or 6S.

In the Open Room, Spector opened a weak 2D and Wolpert bid 4C (special RKC for diamonds). Spector's 4S bid showed one keycard and the queen of trump. With six side winners and a spade suit that could be established for a seventh winner, Wolpert knew that Spector would only need to avoid two trump losers. He bid 6D.

The opening lead was a heart. Spector won the ace and cashed the DA. He crossed to dummy in clubs and led a second diamond toward his hand. North won the DK and declarer claimed.

In the Closed Room Woolsey/Bramley bid 6D using a six round strong club auction. 1C was 16+. 2C was game forcing with 5+ diamonds. 2D asked and 2NT showed a 1-suiter with hearts as the shortest suit. 3C asked and 3H showed 3-1-6-3 distribution. 3S inquired about controls and 3NT showed two controls. 4C asked for more information about the controls. Bramley bid 6D from the strong side. A spade was

led, Bramley won and played to the DA. He crossed to his hand in hearts and played a second diamond toward dummy's queen for a push board.

In the Closed Room of the Bishel/McAllister match, Rosenberg/McAllister bid 6D on the identical auction to that used by Spector/Wolpert, a weak 2D and an RKC sequence. McAllister won the opening club lead in dummy and disdained the trump suit safety play. But with trumps 2-2, all's well that ends well.

A spade was led. Declarer won in dummy and played a diamond to the ace. He crossed to dummy in hearts and led a second diamond toward the queen., claiming twelve tricks.

Lall bid a natural 4S and Hamman offered a choice of slams by bidding 5NT. Lall chose 6S and lost the same two tricks as the others in that contract. 16 IMPs to Lusky

Sometimes, one has too much information for his own good. In the 3rd<sup>th</sup> Round Robin match, the McAllister team picked-up 24 IMPs on the first ten boards in an accumulation of small swings. Half of that margin went away on the final board of the set.

The auctions in both rooms were identical through West's 3H bid. Over 3H, Ron Smith bid 4C in an effort to give his partner a good description of his hand. Spector/Wolpert bid 4H and Kriegel led the C2. Thinking that Kriegel led clubs in response to his 4C bid, Smith inserted the nine. Wolpert won the CQ, cashed the king and jack of hearts followed by the DKQ. He crossed to dummy with a trump and cashed the DA, discarding a spade and conceding two clubs and a spade for +420.

At the other table, John Kranyak chose to make a game try double of 3H. Kevin Rosenberg, East, passed and Demuy retreated to 3S. This was passed around to Rosenberg, who bid 4H. Demuy doubled and led his singleton club. Kranyak won the club and gave Demuy a ruff. Next came a spade to the ace and a second club ruff. Demuy cashed a second spade. The contracted was defeated two tricks for +300 and 12 IMPs to Spector.
